

Offering an all-in-one solution, the PTT Pallet Truck Scale combines the power of a 2000kg capacity heavy-duty pallet truck scale with the convenience of a built-in label printer. The PTT features solid steel pallet forks, wheels that swivel for easy movement and an audible alarm that indicates when capacity is exceeded.

A versatile and practical choice, PTT is ideal for transporting heavy objects and goods on pallets, as well as recordkeeping and inventory. An internal rechargeable battery allows long periods of continual use, while colour-coded keys and a large LCD display with 34mm digits provide visibility under even the poorest of lighting conditions.

The PTT also features a range of integrated applications, including accumulation, hold, parts counting and checkweighing. The PTT includes easy-to-use PC software that allows the 50mm-wide printed labels to be quickly tailored to any requirement with the addition of custom logos, images, barcodes and QR codes.
