

## 2995-SX

# Banknote value counter & fitness sorter

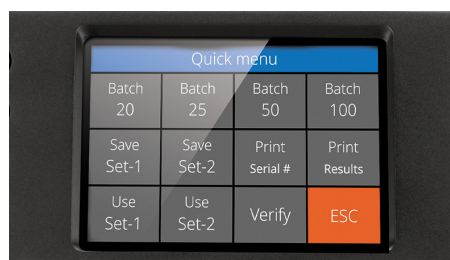

## Manage your cash operation with the highest precision

Manage your cash operation with complete certainty and ease. Thanks to its intelligent double pocket design and advanced fitness sorting feature the Safescan 2995-SX not only sorts banknotes based on their validity, denomination and orientation, but it can also identify notes that are creased, ripped, taped or otherwise damaged. In just minutes the Safescan 2995-SX can identify all banknotes that are unfit for recirculation. Perfect for when you need to prepare your ATM machine or have notes ready for recirculation quickly. The Safescan 2995-SX rapidly value counts and sorts mixed notes while simultaneously verifying them on up to seven security features. Thanks to its smart design, high definition touch display and intelligent interface in your local language your cash management will be easier, faster and more accurate than ever.
