CCEU Coin Counting Scale

Adam Equipment's CCEU is a coin / token counting scale that offers quick performance to count accurately. With 9 preset values and 3 token values the CCEU lets you easily access different values so that the users can perform calculations with ease. The memory total means that values can be added up to give you a running total of all the calculations. The RS-232 interface lets you print your results to a computer or printer as needed.

Compact design and colour coded keys make for simple operation and a rechargeable battery lets the CCEU be used where its needed.

With over three decades of experience in the production of weighing equipment you can trust Adam for quality products that offer a range of features designed for a many different applications.

AE ADAM®
THE RIGHT BALANCE
Speed, Performance, Value

CCEU Highlights:

For added security the CCEU offers password protection to lock the settings for each unit weight of the token and coin presets. Giving added protection and security to ensure the most accurate calculations.

The memory accumulation function lets the user keep a running total of the values measured so that they can count a range of denominations.

9 preset from 0.01 to 2.00 users can store any value for each preset that can quickly be recalled and is easy to use. 3 presets for different tokens make the CCEU total versatile for a range of applications.

The most flexible coin counting scale to meet today's demanding applications

Features
- Large stainless steel platform
- Simple operation
- Security password control
- Memory accumulation
- RS232 interface
- 9 coin unit weight plus 3 token weight available
- Modern low profile design
- Anti-tilt bumpers and non-slip feet for stabilty
- Rechargeable battery with up to 90 hours operation
- AC adapter supplied
- Tare function
- 3 backlit LCD displays with 20mm digits
- Date and time
- Euro and Sterling settings

Applications
- Coin Counting
- Value Accumulation

Keypad with access to the preset functions

Stainless steel top pan

Three large backlit displays

Technical Specifications

Model	CCEU 20
Capacity	20kg
Readability	1g
Repeatability (S.D.)	1.5g
Linearity (+/-)	2g
Pan Size	225 x 275mm
Weighing Units	Kilograms (kg)
Stabilisation Time	2-3 secs
Calibration	Automatic External
Display	Backlit display with 25mm digits with three displays
Power Supply	Internal rechargeable battery with up to 90 hours, mains power supply
Operating Temperature	-10°C - 40°C
Housing	ABS Plastic Indicator and Stainless steel pan
Overall Dimensions	315 x 355 x 110mm
Net Weight	4.3kg

Accessories
- Item No. 8023 - Adam Printer
- Item No. 5006 - In-use cover
