

6185 MONEY COUNTING SCALE

MOST VERSATILE MONEY COUNTER ON THE MARKET

The Safescan 6185 is jam-packed with automated features that facilitate easy cash-counting at the end of a long, tiring business day. Count coins and notes whether they're loose, bagged, rolled or bundled; add in credit card and check payments; tag each count run with a reference number and time stamp; automatically deduct the day's starting cash from the total: the 6185 is designed to be the ultimate all-in-one, time-saving cash counter. The 6185 uses sophisticated currency-weighing technology to quickly and reliably count coins, banknotes and non-cash items such as vouchers and tokens—faster and more accurately than the most experienced cashier.
