

6165 MONEY COUNTING SCALE

VERSATILE MONEY COUNTER

The Safescan 6165 is jam-packed with automated features that facilitate easy cash-counting at the end of a long, tiring business day. Count coins and notes whether they're loose, bagged, rolled or bundled; add in credit card and check payments; tag each count run with a reference number and time stamp; automatically deduct the day's starting cash from the total: the 6165 is designed to be the ultimate all-in-one, time-saving cash counter. The 6165 uses sophisticated currency-weighting technology to quickly and reliably count coins, banknotes and non-cash items such as vouchers and tokens—faster and more accurately than the most experienced cashier.

- Advanced Money Counting Scale with many user-selectable counting options
- Counts coins, banknotes, coin rolls/bags
- Adaptive count algorithm: counts old and new version banknotes together
- 13 currencies pre-installed: EUR, USD, GBP, CHF, PLN, HUF, SEK, NOK, DKK, BGN, CZK, RON, AUD
- Count an entire cash register in less than 2 minutes
- Intuitive user interface
- Real time clock
- Compact size, ideal for retail or office environment
- Silent operation
- Auto Add feature: automatically add the counted coins/banknotes to the total after removal of coins or banknotes from the platform
- Auto Next feature: automatically move to the next denomination after removal of coins or banknotes from the platform
