

155-S COUNTERFEIT DETECTOR

100% ACCURATE DETECTION

The Safescan 155-S is your ultimate protection against counterfeit banknotes with quick, easy and comprehensive verification of several currencies. Eliminate human errors and customer confrontations with 100% accurate authentication which features 7-point detection, including: watermark, infrared profile, magnetic properties, metallic thread, paper size, thickness and color. The counterfeit detection is backed by 100% accuracy testing for EUR (www.ecb.int) and for GBP (www.bankofengland.co.uk/banknotes). Operation is fast and simple! Insert banknotes in any direction and in less than 0.5 seconds, authenticity is checked. What's more, our value counting feature gives you the option to display the total value of all the scanned banknotes.

- 100% counterfeit money detection (www.ecb.int / www.bankofengland.co.uk)
- 7-point automatic counterfeit detection: Infrared, Magnetic Ink, Metallic Thread, Watermark, Size, Thickness and Color
